

### Am I a Hero or a Villain?

Let's see if you can speak the language of costumes!

First, imagine a character. Is it good or evil? Human or alien? Male or female? Grown-up or kid? Does he or she do a particular job? What is the weather like on his or her home planet?

Brainstorm here.

Now dress your character.

*Hints: Evil = black, leather, metal, spiky things, covered face  
Good = white, soft cloth, bright colors, clothing for doing heroic jobs*

Show your costume design to a friend. Ask what he or she imagines the character is like after looking at the costume.

How well did your costume show who your character is?
