

Jimi Hendrix Scrapbook Page

After exploring this Web site, use this page to record some of the interesting things you have learned or your thoughts about Jimi Hendrix.

For instance, why do you think people like his music?
(Try listening to the song samples on the "Read More" page.)

What do people who saw him play remember about him?
(Check out the "Watch More" videos for August and September.)

Jimi loved to draw as a kid, so you can use this page for Jimi-inspired drawings, too!
